Welfare state Wikipedia

March 18th, 2019 - The welfare state is a form of government in which the state protects and promotes the economic and social well being of the citizens based upon the principles of equal opportunity equitable distribution of wealth and public responsibility for citizens unable to avail themselves of the minimal provisions for a good life The term is associated with the comprehensive measures of social

Criticisms of welfare Wikipedia

March 17th, 2019 - The modern welfare state has been criticized on economic and moral grounds from all ends of the political spectrum Many have argued that the provision of tax funded services or transfer payments reduces the incentive for workers to seek employment thereby reducing the need to work reducing the rewards of work and exacerbating poverty On the other hand socialists typically criticize the
